

Sogefi filters feature on eight of Europe's top ten selling cars

Sogefi filters and modules selected by 8 of the top 10 best-selling cars in 2015 by leading French, German, Japan and UK OEMs.

Guyancourt, 6th July 2016 – According to the international technical information specialist IHS (Information Handling Services), Sogefi maintains also for 2015, its preferred position as one of the first choice suppliers for filter elements and filter modules by the makers of Europe's best selling cars.

These components are original equipment on 8 of the top 10 most popular cars sold in Europe in 2015 and include: Volkswagen Golf, Polo and Passat, Renault Clio, Ford Fiesta and Focus, Opel Corsa, Peugeot 208 and 308, and the Nissan Qashqai.

Looking at the products, Sogefi oil filters are found on Renault Clio, Peugeot 208 and 308, Ford Fiesta and Focus, Opel Corsa and Nissan Qashqai.

Ford Fiesta and Focus, Peugeot 208 and 308 are equipped also with the diesel filter modules. Finally, Sogefi air filter modules are fitted on the Peugeot 208 and Nissan Qashqai.

Being an OE supplier is a competitive advantage in the independent aftermarket and through the Purflux, Fram and CoopersFiaam brands Sogefi benefits from a wide range of coverage with OE quality products encompassing each product family: oil, fuel, air and cabin.

About Sogefi Group

Sogefi Group, founded in Italy in 1980, is a global leader in automotive original equipment and aftermarket components. The company is in partnership with the world's major car and commercial vehicle manufacturers and is a market leader in Europe and South America.

With annual sales of € 1.5 billion, the company employs around 6,700 people worldwide at 42 production sites and 16 commercial offices in 21 countries. Sogefi, which is part of the CIR group, is listed on the Milan Stock Exchange. Within the Sogefi Group, the Suspension Components Business Unit is the third largest suspension components provider worldwide. The Sogefi Air & Cooling Business Unit is one of the leading manufacturers of air intake and engine cooling systems. The Filtration Business Unit produces and commercializes fluid filtration modules and elements for the Original Equipment and the replacement markets (both OES and Independent Aftermarket).

In the Independent Aftermarket, Sogefi is one of Europe's leading vehicle filter suppliers. Its aftermarket brands Purflux, Fram®, CoopersFiaam and Tecnocar offer a complete portfolio of OE-quality automotive oil, air, fuel and cabin air filters for all major American, European and Asian car makes. Sogefi Pro is the aftermarket filter brand for commercial vehicle applications.
